USER INFORMATION

	This product complies with PPE Regulation 2016/425 Cat I (For minimal risk only).
---	---

Product reference:

Blue:

Simplistic Nitrile Powder Free Gloves: SMITCNPF01-XS, SMITCNPF02-S, SMITCNPF03-M, SMITCNPF04-L, SMITCNPF05-XL

Colour: Blue

Intended Use:

A patient examination glove is a medical device intended for a medical purpose that is worn on the examiner's hand or finger to prevent contamination between the patient and examiner. Examination glove is intended for medical activities except for surgery.

For single use only, do not littering.

Check for damage before use, do not use damaged gloves

Donning:

1. Remove all hand and wrist jewelry, and wash the hands before donning.
2. Place the gloves on the prepared work surface.
3. The user puts a glove on his/her dominant hand by grabbing it with the other hand, remembering to only touch the inside of the gloves, and slipping it over the dominant hand until it reaches the final level.
4. The wearer uses the gloved dominant hand to slip the other glove onto the non-dominant hand.
5. Once both gloves are on, the users can touch the outside of the gloves to ensure a proper fit

Doffing:

1. Using the dominant hand, users start by grabbing the outside of the glove on the non-dominant hand on the palm side near the cuff.
2. Pull the glove off the non-dominant hand and place it in the gloved hand, balling it up.
3. Slip two fingers under the cuff of the other hand glove and carefully peel it off the hand without touching the wrist, turning the remaining glove inside out as it is removed and in turn encasing the first glove.
4. The gloves can be disposed.

The DOC (Declaration of Conformity) will be shown on the website: www.mymedikal.com.tr/documents
Product manufactured by: MY TICARET VE MEDİKAL A.Ş.

	This product also complies with Medical Device Regulation (EU) 2017/745 under the Class I category.
